After you figure out your purpose, you need to determine what your audience's need is in your ebook. For example, does your book clear up a selected drawback? If it does, and solves it in a method that hasn't been written about in one hundred other ebooks, you will be in a position to achieve high

sales at a excessive price. If your guide solves an issue or answers questions in a new and distinctive approach, it's best to price your book as high as you can go. If you wish to see giant income over buyer draw, intention for an audience that is in search of straightforward solutions to their issues at a low price. In case your book is geared toward fixing one specific problem fairly than normal advice, then you may cost more. Start at the highest value the market will bear to herald the largest earnings, and plan to discount the guide a number of occasions throughout the year.
