An efficient method for determining a price is to send out a survey to your present customers. If these prospects have already bought an book from you, ask for his or her opinion when it comes to price. Do that by making a gross sales page for the new guide, however don't embody a price on that page. Instead, add plenty of links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other technique is to test out costs by making a number of duplicate gross sales pages with different prices on every page. Make sure your gross sales copy is precisely the same on every web

page, and contains your selling-deal with sentence. Then work out for every page the conversion ratio between guests to your web site and gross sales of your book. This will let you know what your optimum value is.

Ultimately, for those who've written a ebook that solves a downside or presents a brand new method, your guide will usher in both visitors and profits. So make sure to write that promoting-handle sentence that sums up what drawback your e book solves and what the benefits of your 1025 guide will probably be to the customers who purchase it.
