An effective method for determining a value is to ship out a survey to your current customers. If these prospects have already purchased an book from you, ask for their opinion by way of price. Do that by making a gross sales page for the new e book, however do not include a value on that page. As a substitute, add various links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another strategy is to check out prices by making a variety of duplicate gross sales pages with different costs on every page. Be sure your sales copy is exactly the similar on each page, and

contains your promoting-deal with sentence. Then figure out for every page the conversion ratio between guests to your website and sales of your book. This will tell you what your optimum price is.

Finally, should you've written a guide that solves a drawback or presents a brand new technique, your e-book will bring in both traffic and profits. So you'll want to write that promoting-handle sentence that sums up what problem your book solves and what the advantages of your 1060 guide will probably be to the customers who buy it.
