In addition to selling your books assiduously on-line, there are a number of different strategies that may allow you to sell more books.

One is to offer one thing away for free with your e-book, corresponding to a useful bonus item. Or bundle a number of ebooks beneath one price, which lowers the price for every book in the event that they had been sold separately.

An effective method for determining a price is to send out a survey to your present customers. If these prospects have already bought an e-book from you, ask for his or her opinion in terms of price. Do that by making a gross sales web page for the brand new book, but do not embody a price on that page. Instead, add a lot of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other strategy is to test out costs by making a variety of duplicate sales pages with different costs on each page. Be sure that your gross sales copy is precisely the same on each web page, and

consists of your selling-handle sentence. Then figure out for every page the conversion ratio between guests to your web site and sales of your book. This will inform you what your optimum worth is.

In the end, when you've written a ebook that solves a drawback or presents a brand new method, your e book will herald both traffic and profits. So you'll want to write that selling-handle sentence that sums up what downside your ebook solves and what the advantages of your 1361 ebook will probably be to the shoppers who purchase it.
