piece of sales and promotional material, and every time anybody asks you about your ebook.

Moreover selling your books assiduously on-line, there are a number of other strategies that may help you sell extra books.

An efficient approach for figuring out a worth is to send out a survey to your current customers. If these clients have already purchased an e-book from you, ask for his or her opinion in terms of price. Do that by making a gross sales web page for the brand new e book, but don't embrace a worth on that page. Instead, add plenty of links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another strategy is to check out prices by creating a variety of duplicate gross sales pages with different costs on each page. Be certain that your sales copy is strictly the same on each web page, and includes your selling-deal with sentence. Then work out for every page the conversion ratio between visitors to your site and gross sales of your book. This will let you know what your optimum price is.

In the end, should you've written a guide that solves a downside or presents a new technique, your ebook will bring in each traffic and profits.
