Advertising Methods

In addition to selling your books assiduously online, there are several other strategies that may make it easier to promote more books.

One is to provide one thing away without spending a dime with your ebook, corresponding to a beneficial bonus item. Or bundle several ebooks beneath one value, which lowers the worth for every ebook in the event that they had been offered separately.

An effective technique for figuring out a worth is to ship out a survey to your current customers. If these prospects have already purchased an ebook from you, ask for their opinion in terms of price. Do that by making a sales page for the new e-book, but do not embody a price on that page. As a substitute, add a lot of links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another strategy is to check out prices by making a variety of duplicate sales pages with completely

different costs on each page. Make certain your gross sales copy is precisely the same on every web page, and contains your selling-handle sentence. Then figure out for each page the conversion ratio between visitors to your site and sales of your book. This will tell you what your optimum price is.

In the end, should you've written a e-book that solves a problem or presents a brand new method, your e-book will usher in both traffic and profits. So you'll want to write that promoting-handle sentence that sums up what drawback your guide solves and what the benefits of your 2311 e-book will be to the shoppers who buy it.
