One other strategy is to check out prices by making a number of duplicate gross sales pages with different costs on every page. Be certain your sales copy is exactly the similar on each web page,

and contains your promoting-handle sentence. Then work out for every web page the conversion ratio between visitors to your website and gross sales of your book. This can inform you what your optimum price is.

Ultimately, in case you've written a ebook that solves a drawback or presents a new technique, your guide will usher in both visitors and profits.
