In addition to promoting your books assiduously on-line, there are several different strategies that can make it easier to promote extra books.

One is to provide one thing away free of charge along with your book, equivalent to a valuable bonus item. Or bundle several ebooks underneath one worth, which lowers the price for each book if they had been offered separately.

An effective technique for figuring out a value is to ship out a survey to your current customers. If these customers have already purchased an ebook from you, ask for their opinion in terms of

price. Do this by making a sales page for the brand new e-book, but do not embrace a value on that page. As a substitute, add plenty of links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another strategy is to test out prices by creating a number of duplicate sales pages with totally different costs on every page. Be certain that your sales copy is strictly the same on each web page, and consists of your selling-deal with sentence. Then figure out for each page the conversion ratio between guests to your website and gross sales of your book. This may tell you what your optimum price is.

Finally, when you've written a e book that solves a problem or presents a brand new technique, your e book will bring in both visitors and profits. So be sure you write that promoting-deal with sentence that sums up what drawback your book solves and what the advantages of your 30 ebook can be to the purchasers who buy it. And then watch your market come to you!
