An efficient approach for determining a worth is to send out a survey to your current customers. If these prospects have already purchased an ebook from you, ask for his or her opinion when it comes to price. Do that by creating a gross sales web page for the new book, however do not embrace a value on that page. Instead, add a variety of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another strategy is to test out costs by creating a number of duplicate sales pages with different costs on every page. Be sure that your sales copy is exactly the identical on every web page, and

consists of your selling-handle sentence. Then determine for each web page the conversion ratio between visitors to your website and sales of your book. It will let you know what your optimum price is.

In the end, when you've written a ebook that solves a drawback or presents a new approach, your ebook will usher in both visitors and profits. So be sure you write that selling-deal with sentence that sums up what drawback your e book solves and what the benefits of your 365 guide can be to the customers who buy it.
