An efficient technique for figuring out a worth is to send out a survey to your current customers. If these customers have already purchased an book from you, ask for his or her opinion when it comes to price. Do this by making a gross sales page for the new book, however don't embrace a value on that page. Instead, add quite a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other technique is to check out costs by making a variety of duplicate sales pages with

different costs on each page. Be sure your sales copy is precisely the similar on each page, and includes your promoting-deal with sentence. Then work out for each page the conversion ratio between guests to your site and gross sales of your book. It will inform you what your optimum value is.

In the end, when you've written a e-book that solves a problem or presents a new method, your e-book will usher in both traffic and profits.
