Instead, add a variety of links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other technique is to test out prices by creating a variety of duplicate sales pages with different prices on each page. Be sure your sales copy is exactly the similar on every web page, and consists of your promoting-handle sentence. Then figure out for every page the conversion ratio between visitors to your site and gross sales of your book. This will let you know what your optimum worth is.

Ultimately, in case you've written a guide that solves a downside or presents a new technique, your e book will bring in both traffic and profits.
